Don't have insurance?

We can help. Through the Sliding Fee Discount Program, Mosaic Health offers access to quality health care for patients who do not have insurance or enough insurance. This program is based on your current household size and income and is designed to offer fixed, low-cost visits.

Certified Application Counselors are available to see if you qualify for Medicaid, Child Health Plus, or a qualified health plan through New York State of Health—the Official Health Plan Marketplace.

Patients who struggle to afford prescription medications might also be eligible for our Prescription Assistance Program.

Call your nearest Mosaic Health location to see if you qualify.
